A rustic interior scene. On the left, a light-colored wooden door with a stone-patterned glass insert is partially visible. To the right, a thick, natural wood shelf is mounted on a white, textured wall. On the shelf sits a white ceramic cup on a saucer and a small, light-colored ceramic vase containing green leaves and small white flowers. A single metal bracket supports the shelf. Below the shelf, a weathered metal stool with a square top and four legs is visible. The overall aesthetic is minimalist and rustic.
